Programme Description and Implementation Arrangements

I. Programme Description

1. *Target Population and Programme Areas.* The Programme has a national coverage, with the exception of the Climate Change Resilience Component which shall focus on vulnerable areas, predominantly in the central and southern rayons in the territory of the Borrower/Recipient. Three primary groups of the Target Population include (i) the commercially active poor; (ii) the economically active poor; and (iii) the very poor.
2. *Goal.* The overall goal of the Programme is to enable the Target Population to raise their incomes and strengthen their resilience to climate change.
3. *Objectives.* The objectives of the Programme are (i) to enhance the resilience and adaptive capacity of farmers to climate change to ensure higher and more stable incomes; (ii) to enhance access to enterprise capacity development, financial services and entrepreneurship support; (iii) to improve beneficiaries' productivity and competitiveness, increase investment and business opportunities, and improve market access and resilience against economic and climate shocks.
4. *Components.* The Programme shall be composed of four components: (i) Climate Change Resilience and Inclusive Value Chains; (ii) Inclusive Rural Finance and Capacity Development; (iii) Infrastructure for Rural Resilience and Growth; and (iv) Programme Management.
 - 4.1. *Component 1: Climate Change Resilience and Inclusive Value Chains*

The overall purpose of Component 1 is to enhance the resilience, inclusiveness and adaptive capacity of agribusinesses in value chains to climate change through the introduction of climate-resilient agriculture practices and technologies, and the promotion of selected value chains that can demonstrate inclusiveness of the rural poor. This Component shall consist of two Sub-Components.

 - 4.1.1. *Sub-Component 1.1: Climate Resilience through Conservation Agriculture.* This Sub-Component aims to address the adaptation priorities identified by the Moldovan government in the agriculture sector through two major areas of activities: (i) the creation of an enabling environment for climate-resilient agriculture, by increasing the capacity of all beneficiaries and partners concerned with agriculture and agro-forestry to address climate change impacts and implement adaptation measures; and (ii) the enhancement of agriculture production through climate-resilient investments and it will build on the capacity development effort of the early stages of the Programme to develop a set of protocols for the successful implementation of conservation agriculture, covering the main crops and agro-climatic zones of the Borrower/Recipient.
 - 4.1.2. *Sub-Component 1.2: Inclusive Value Chain Development.* This Sub-Component comprises activities supporting the further development of selected value chains. This Sub-Component shall identify the key drivers of the value chains including inter alia processors, exporters, retailers and logistical businesses, and subsequently link the various parts of the value chains in a manner that supports the inclusion of the Target Population: the rural poor. It shall also strengthen cooperation with certification agencies in the Borrower/Recipient and abroad that are needed to penetrate new markets and niches, and allow for greater synergies with the other Components, utilising a demand driven and flexible approach that avoids rigid bundling of Programme activities.

4.2. *Component 2: Inclusive Rural Finance and Capacity Development*

This Component shall enhance access to financial services for the Target Population through banking and non-banking financial institutions to serve rural micro, small and medium enterprises and young entrepreneurs. The Component shall include two Sub-Components.

4.2.1. *Sub-Component 2.1: Financing of Agricultural and Rural*

Investments. This Sub-Component shall provide resources to enhance the ability of the banking and non-banking financial institutions to provide investment financing facilities to rural entrepreneurs through four financing facilities: (i) financing of rural-based small and medium enterprises' agricultural investments which is necessitated by the continued lack of long-term finance of banks and which has proven highly demand-driven with demonstratively high impact; (ii) financing of rural-based young entrepreneurs; (iii) financing of rural-based micro entrepreneurs' investments; and (iv) financial provision of a loan portfolio guarantee scheme to Saving and Credit Associations (the "SCAs") for their investment loans, facilitated by a credit guarantee fund (the "CGF").

4.2.2. *Sub-Component 2.2: Capacity Development within the SCA Sector.* Under this Sub-Component, the Financing will support three key areas: (i) capacity development support for consolidation offered to B-licensed SCAs and A-licensed SCAs which intend to get a B-license, or which intend to merge with a B-licensed SCA; (ii) assistance to SCA apex organizations; and (iii) assistance to the National Commission for Financial Markets (the "NCFM").

4.3. *Component 3: Infrastructure for Rural Resilience and Growth*

The objective of this Component is to increase rural economic growth through infrastructure development by strengthening the rural sector's resilience against the increased frequency and depth of climatic and economic shocks, and enabling rural producers to increase production, shorten transportation time from farm to market, lower transaction costs, diversify production and engage in higher value chains that demands predictability of delivery. Public infrastructure investments shall be made in small-scale water supply systems; rural transport infrastructure and village level market places.

4.4. *Component 4: Programme Management*

This Component shall finance the management and implementation of the Programme as per this Agreement.

Positions, including inter alia a Climate Change Resilience Officer, a Climate Change Assistant, a Credit Assistant and a Knowledge Management Specialist, shall be created within the CPIU as needed and funded by the Programme in consultation with the MAFI and be subject to the concurrence of the Fund.
