CREDIT FACILITY AGREEMENT

BETWEEN:

(1) **THE REPUBLIC OF MOLDOVA,**

represented by Mr. Petru Rotaru, in his capacity as Minister of Finance of the Republic of Moldova who is duly authorised to sign this Agreement,

("Moldova" or the "Borrower");

AND

(2) **AGENCE FRANCAISE DE DEVELOPPEMENT,** a French public entity governed by French law, with registered office at 5, Rue Roland Barthes, 75598 Paris Cedex 12, France, registered with the Trade and Companies Register of Paris under number 775 665 599, represented by Mr. Philippe Orliange, in his capacity as Executive Director for Countries of the Agence Française de Développement, duly authorised to sign this Agreement,

("AFD" or the "Lender");

(hereinafter jointly referred to as the "**Parties**" and each a "**Party**");

WHEREAS:

- (A) The Borrower intends to implement a Program consisting of a policy-based loan to support reforms of the energy sector in the Republic of Moldova in order to strengthen energy security and contribute to the convergence toward European Union standards, as described further in Schedule 2A (*Program Description*), through financing its general budget excluding those purposes referred to in Schedule 2B (*Exclusions List*), as well as military expenses.
- (B) The Borrower has requested that the Lender make a facility available for the purposes of participating in the financing of the Program.
- (C) Pursuant to a resolution n° C20230414 of the Board of Directors (*Conseil des Etats Etrangers*) dated 21st June 2023, the Lender has agreed to make the Facility available to the Borrower pursuant to the terms and conditions of this Agreement.

THEREFORE, THE PARTIES HAVE AGREED AS FOLLOWS:

1. DEFINITIONS AND INTERPRETATION

1.1 Definitions

Capitalised words and expressions used in this Agreement (including those appearing in the recitals above and in the Schedules) shall have the meaning given to them in Schedule 1A (Definitions), except as otherwise provided in this Agreement.

1.2 Interpretation

Words and expressions used in this Agreement shall be construed pursuant to the provisions of Schedule 1B (*Construction*), unless the contrary intention appears.

2. FACILITY, PURPOSE AND CONDITIONS OF UTILISATION

2.1 Facility

Subject to the terms of this Agreement, the Lender makes available to the Borrower a Facility in a maximum aggregate amount of forty million Euros (EUR 40,000,000).

2.2 Purpose

The purpose of the Facility is to finance the Borrower budget intended to implement the Program as described in Schedule 2A (*Program Description*), in accordance with the Financing Plan described in Schedule 3A (*Financing Plan*) and the Monitoring Chart described in Schedule 3B (*Monitoring Chart*).

2.3 Absence of Liability

The Lender shall not be held responsible for the use of any amount borrowed which is not in accordance with the provisions of this Agreement.

2.4 Conditions precedent

No later than the Signing Date, the Borrower shall provide to the Lender all of the documents set out in Part I of Schedule 4 (*Conditions Precedent*).

A Drawdown Request may not be delivered to the Lender unless:

- (a) the Lender has received all of the documents listed in Part II of Schedule 4 (*Conditions Precedent*) and has notified the Borrower that such documents are satisfactory in form and substance;
- (b) on the date of the Drawdown Request and on the proposed Drawdown Date for the relevant Drawdown, no Payment Systems Disruption Event has occurred and the conditions set out in this Agreement have been fulfilled, including:
 - (1) no Event of Default is continuing or would result from the proposed Drawdown;
 - (2) the Drawdown Request has been made in accordance with the terms of Clause 3.2 (*Drawdown request*);

- (3) each representation given by the Borrower in relation to Clause 10 (*Representations and warranties*) is true;

3. **DRAWDOWN OF FUNDS**

3.1 Drawdown amounts

The Facility will be made available to the Borrower during the Availability Period, in one single Drawdown.

The amount of the proposed Drawdown shall be forty million Euros (EUR 40,000,000).

3.2 Drawdown request

Provided that the conditions set out in Clause 0 (*Conditions precedent*) are satisfied, the Borrower may draw on the Facility by delivery to the Lender of a duly completed Drawdown Request. The Drawdown Request shall be delivered by the Borrower to the AFD office director at the address specified in Clause 16.1 (*In writing and addresses*).

The Drawdown Request is irrevocable and will be regarded as having been duly completed if:

- (a) the Drawdown Request is substantially in the form set out in Schedule 5A (*Form of Drawdown Request*);
- (b) the Drawdown Request is received by the Lender at the latest fifteen (15) Business Days prior to the Deadline for Drawdown;
- (c) the proposed Drawdown Date is a Business Day falling within the Availability Period;
- (d) the amount of the Drawdown complies with Clause 3.1 (*Drawdown amount*); and
- (e) all of the documents set out in Part II of Schedule 4 (*Conditions Precedent*) for the purposes of the Drawdown are attached to the Drawdown Request, comply with the abovementioned Schedule and with the requirements of Clause 3.4 (*Payment mechanics*), and are in form and substance satisfactory to the Lender.

3.3 Payment completion

Subject to Clause 14.7 (*Payment Systems Disruption*), if each of the conditions set out in Clause 0 (*Conditions precedent*) of this Agreement has been met, the Lender shall make the requested Drawdown available to the Borrower not later than the Drawdown Date.

The Lender shall provide the Borrower with a letter of Drawdown confirmation substantially in the form set out in Schedule 5B (*Form of confirmation of drawdown and rate*).

3.4 Payment mechanics

The proceeds of the Drawdown shall be paid to the account opened in the name of the Borrower at the National Bank of Moldova ("the Borrower's Account"), and which details are provided in Schedule 1A (*Definitions*).

3.5 Deadline for Drawdown of the Funds

The full drawdown of the Facility shall occur at the latest on the Deadline for Drawdown.

If the full drawdown does not occur by the above-mentioned date, the Lender may cancel the Facility in accordance with clause 8.4 (*Cancellation by the Lender*).

The Deadline for Drawdown may not be postponed without the prior consent of the Lender.

Any postponement of the Deadline for Drawdown will be (i) subject to new financial conditions applicable to Drawdown of the Available Credit and (ii) formalized in writing between the Parties.

4. INTEREST

4.1.1 Selection of Interest Rate

For each Drawdown, the Borrower may select a fixed Interest Rate or a floating Interest Rate, which shall apply to the amount set out in the relevant Drawdown Request, by stating the selected Interest Rate, i.e., fixed or floating, in the Drawdown Request delivered to the Lender substantially in the form set out in Schedule 5A (*Form of Drawdown Request*), subject to the following conditions:

(a) Floating Interest Rate

The Borrower may select a floating Interest Rate, which shall be the percentage rate per annum, being the aggregate of:

- six-month EURIBOR, or, as the case may be, the Replacement Benchmark plus any Adjustment Margin, as determined in accordance with the provisions of Clause 5 (*Change to the calculation of interest*) of the Agreement; and
- the Margin.

Notwithstanding the above, in the case of the first Drawdown, if the first Interest Period is less than one hundred and thirty-five (135) days, the applicable EURIBOR shall be:

- one-month EURIBOR, or, as the case may be, the Replacement Benchmark plus any Adjustment Margin, as determined in accordance with the provisions of Clause 5 (*Change to the calculation of interest*) of the Agreement, if the first Interest Period is less than sixty (60) days; or
- three-month EURIBOR, or, as the case may be, the Replacement Benchmark plus any Adjustment Margin, as determined in accordance with the provisions of Clause 5 (*Change to the calculation of interest*) of the Agreement if the first Interest Period is between sixty (60) days and one hundred and thirty-five (135) days.

(b) Fixed Interest Rate

Provided that the amount of a requested Drawdown is equal to or greater than three million Euros (EUR 3,000,000), the Borrower may select a fixed Interest Rate for such requested Drawdown. The fixed Interest Rate shall be the Fixed Reference Rate increased or decreased by any fluctuation of the Index Rate for

the period from the Signing Rate Setting Date and the Rate Setting Date for each Drawdown.

The Borrower may specify in the Drawdown Request a maximum amount for fixed Interest Rate. If the fixed Interest Rate as calculated on the Rate Setting Date exceeds the maximum amount for fixed Interest Rate specified in the relevant Drawdown Request, such Drawdown Request shall be cancelled and the Drawdown amount specified in the cancelled Drawdown Request shall be credited to the Available Credit.

4.1.2 Minimum Interest Rate

The Interest Rate determined in accordance with Clause 4.1.1 (*Selection of Interest Rate*), regardless of the elected option, shall not be less than zero point twenty-five per cent (0.25%) per annum, notwithstanding any decline in the Interest Rate.

4.1.3 Conversion from a floating Interest Rate to a fixed Interest Rate

(a) Rate Conversion upon the Borrower's request

The Borrower may request at any time that the Lender converts the floating Interest Rate applicable to a Drawdown or several Drawdowns to a fixed Interest Rate, provided that the amount of such Drawdown or aggregate amount of Drawdowns (as applicable) is equal to, or higher than, three million Euros (EUR 3,000,000).

To this effect, the Borrower shall send to the Lender a Rate Conversion Request substantially in the form set out in Schedule 5C (*Form of Rate Conversion Request*). The Borrower may specify in the Rate Conversion Letter a maximum amount for fixed Interest Rate. If the fixed Interest Rate as calculated on the Rate Setting Date exceeds the maximum amount for fixed Interest Rate specified by the Borrower in the Rate Conversion Request, such Rate Conversion Request will be automatically cancelled.

The fixed Interest Rate will be effective two (2) Business Days after the Rate Setting Date.

(b) Rate Conversion mechanics

The fixed Interest Rate applicable to the relevant Drawdown(s) shall be determined in accordance with Clause 4.1.1(b) (*Fixed Interest Rate*) above on the Rate Setting Date referred to in subparagraph (a) above.

The Lender shall send to the Borrower a letter of confirmation of Rate Conversion substantially in the form set out in Schedule 5D (*Form of Rate Conversion Confirmation*).

A Rate Conversion is final and effected without costs.

4.2 Calculation and payment of interest

The Borrower shall pay accrued interest on the Drawdown on each Payment Date.

The amount of interest payable by the Borrower on a relevant Payment Date and for a relevant Interest Period shall be equal to the sum of any interest owed by the Borrower on the amount of the Outstanding Principal in respect of each Drawdown. Interest owed by the Borrower in respect of each Drawdown shall be calculated on the basis of:

the Outstanding Principal owed by the Borrower in respect of the relevant Drawdown as at the immediately preceding Payment Date or, in the case of the first Interest Period, on the corresponding Drawdown Date;

the exact number of days which have accrued during the relevant Interest Period on the basis of a three hundred and sixty (360) day year; and

the applicable Interest Rate determined in accordance with the provisions of Clause 4.1 (*Interest Rate*).

4.3 Late payment and default interest

- (a) Late payment and default interest on all amounts due and unpaid (except for interest)

If the Borrower fails to pay any amount payable by it to the Lender under this Agreement (whether a payment of principal, a Prepayment Indemnity, any costs, fees and expenses of any kind provided in this Agreement, except for any unpaid overdue interest) on its due date, interest shall accrue on the overdue amount, to the extent permitted by law, from the due date up to the date of actual payment (both before and after an arbitral award, if any) at the Interest Rate applicable to the current Interest Period (default interest) increased by three point five per cent (3.5%) (late-payment interest). No formal prior notice from the Lender shall be necessary.

- (b) Late payment and default interest on unpaid overdue interest

Interest which has not been paid on its due date shall be capitalized and bear interest, to the extent permitted by law, at the Interest Rate applicable to the ongoing Interest Period (default interest), increased by three point five per cent. (3.5%) (late-payment interest), to the extent that such Interest has been due and payable for at least one (1) year. No formal prior notice from the Lender shall be necessary.

The Borrower shall pay any outstanding interest under this Clause 4.3 (*Late payment and default interest*) immediately on demand by the Lender or on each Payment Date following the due date for the outstanding payment.

- (c) Receipt of any payment of late payment interest or default interest by the Lender shall neither imply the grant of any payment extension to the Borrower, nor operate as a waiver of any of the Lender's rights hereunder.

4.4 Communication of Interest Rates

The Lender shall promptly notify the Borrower of the determination of each Interest Rate in accordance with this Agreement.

4.5 Effective Global Rate (*Taux Effectif Global*)

In order to comply with Articles L. 314-1 to L.314-5 and R.314-1 *et seq.* of the French Consumer Code and L. 313-4 of the French Monetary and Financial Code, the Lender informs the Borrower, and the Borrower accepts, that the effective global rate (*taux effectif global*) applicable to the Facility may be valued at an annual rate of four point thirty four per cent (

4.34 %) on the basis of a three hundred and sixty-five (365) day year, and an Interest Period of six (6) months, at a period rate of two point fifteen per cent (2.15 %) subject to the following:

- (a) the above rates are given for information purposes only;
- (b) the above rates are calculated on the basis that:
 - (1) drawdown of the Facility is in full on the Signing Date;
 - (2) no Drawdown made available to the Borrower will bear interest on the floating rate; and
 - (3) the fixed rate for the duration of the facility should be equal to four point seventeen per cent (4.17 %) per annum;
- (c) the above rates take into account the commissions and costs payable by the Borrower under this Agreement, assuming that such commissions and costs will remain fixed and will apply until the expiry of the term of this Agreement.

5. CHANGE TO THE CALCULATION OF INTEREST

5.1 Market Disruption

- (a) If a Market Disruption Event affects the interbank market in the Eurozone and it is impossible:
 - (1) for the fixed Interest Rate, to determine the fixed Interest Rate applicable to a Drawdown, or
 - (2) for the variable Interest Rate, to determine the applicable EURIBOR for the relevant Interest Period,

the Lender shall inform the Borrower.

- (b) Upon the occurrence of the event described in paragraph (a) above, the applicable Interest Rate, as the case may be, for the relevant Drawdown or for the relevant Interest Period will be the sum of:
 - (1) the Margin; and
 - (2) the percentage rate per annum corresponding to the cost to the Lender of funding the relevant Drawdown(s) from whatever source it may reasonably select. Such rate shall be notified to the Borrower as soon as possible and, in any case, prior to (1) the first Payment Date for interest owed under such Drawdown for the fixed Interest Rate or (2) the Payment Date for interest owed under such Interest Period for the variable Interest Rate.

5.2 Replacement of Screen Rate

5.2.1 Definitions

"**Relevant Nominating Body**" means any central bank, regulator, supervisor or working group or committee sponsored or chaired by, or constituted at the request of any of them.

"Screen Rate Replacement Event" means any of the following events or series of events:

- (a) the definition, methodology, formula or means of determining the Screen Rate has materially changed;
- (b) a law or regulation is enacted which prohibits the use of the Screen Rate, it being specified, for the avoidance of doubt, that the occurrence of this event shall not constitute a mandatory prepayment event;
- (c) the administrator of the Screen Rate or its supervisor publicly announces:
 - (1) that it has ceased or will cease to provide the Screen Rate permanently or indefinitely, and, at that time, no successor administrator has been publicly nominated to continue to provide that Screen Rate;
 - (2) that the Screen Rate has ceased or will cease to be published permanently or indefinitely; or
 - (3) that the Screen Rate may no longer be used (whether now or in the future);
- (d) a public announcement is made about the bankruptcy of the administrator of that Screen Rate or any other insolvency proceedings against it, and, at that time, no successor administrator has been publicly nominated to continue to provide that Screen Rate; or
- (e) in the opinion of the Lender, the Screen Rate has ceased to be used in a series of comparable financing transactions.

"Screen Rate" means EURIBOR or, following the replacement of this rate by a Replacement Benchmark, the Replacement Benchmark.

"Screen Rate Replacement Date" means:

- with respect to the events referred to in items a), d) and e) of the above definition of Screen Rate Replacement Event, the date on which the Lender has knowledge of the occurrence of such event, and,
- with respect to the events referred to in items b) and c) of the above definition of Screen Rate Replacement Event, the date beyond which the use of the Screen Rate will be prohibited or the date on which the administrator of the Screen Rate permanently or indefinitely ceases to provide the Screen Rate or the date beyond which the Screen Rate may no longer be used.

5.2.2 Each Party acknowledges and agrees for the benefit of the other Party that if a Screen Rate Replacement Event occurs and in order to preserve the economic balance of the Agreement, the Lender may replace the Screen Rate with another rate (the **"Replacement Benchmark"**) which may include an adjustment margin in order to avoid any transfer of economic value between the Parties (if any) (the **"Adjustment Margin"**) and the Lender will determine the date from which the Replacement Benchmark and, if any, the Adjustment Margin shall replace the Screen Rate and any other amendments to the Agreement required as a result of the replacement of the Screen Rate by the Replacement Benchmark.

5.2.3 The determination of the Replacement Benchmark and the necessary amendments will be made in good faith and taking into account, (i) the recommendations of any Relevant

Nominating Body, or (ii) the recommendations of the administrator of the Screen Rate, or (iii) the industry solution recommended by professional associations in the banking sector or, (iv) the market practice observed in a series of comparable financing transactions on the replacement date.

5.2.4 In case of replacement of the Screen Rate, the Lender will promptly notify the Borrower of the replacement terms and conditions to replace the Screen Rate with the Replacement Benchmark, which will be applicable to Interest Periods starting at least two Business Days after the Screen Rate Replacement Date.

5.2.5 The provisions of Clause 5.2 (*Replacement of Screen Rate*) shall prevail over the provisions of Clause 5.1 (*Market Disruption*).

6. FEES

6.1 Commitment Fees

A commitment fee of zero point five per cent (0.5%) per annum will be calculated from the Signing Date onwards.

The first payment in respect of such commitment fee shall only be due by the Borrower to the Lender from the Effective Date of this Agreement. The commitment fee shall be computed at the rate specified above on the amount of the Available Credit pro-rated for the actual number of days elapsed increased by the amount of any Drawdown to be made available by the Lender in accordance with any pending Drawdown Request.

The first commitment fee shall be calculated for the period from (i) the Signing Date (excluded) up to (ii) the immediately following Payment Date (included). Subsequent commitment fees shall be calculated for periods commencing on the day immediately following a Payment Date (included) and ending on the next Payment Date (included).

The accrued commitment fee shall be payable after the Effective Date (i) on each Payment Date within the Availability Period; (ii) on the Payment Date following the last day of the Drawdown Period; and (iii) in the event the Available Credit is cancelled in full, on the Payment Date following the effective date of such cancellation.

6.2 Appraisal Fee

Thirty days maximum following the Effective Date and in any case prior to the date of the Drawdown, the Borrower shall pay to the Lender an appraisal fee of zero point fifty (0.50%) calculated on the maximum amount of the Facility.

7. REPAYMENT

Following expiry of the Grace Period, the Borrower shall repay the Lender the principal amount of the Facility in twenty (20) semi-annual instalments, due and payable on each Payment Date.

The first instalment shall be due and payable on 20th January 2029 and the last instalment shall be due and payable on 20th July 2038. Prior to each Payment Date, the Lender shall deliver to the Borrower a payment notice.

At the end of the Drawdown Period, the Lender shall deliver to the Borrower an amortisation schedule in respect of the Facility taking into account, if applicable, any potential cancellation of the Facility pursuant to Clauses 8.3 (*Cancellation by the Borrower*) and/or 8.4 (*Cancellation by the Lender*).

8. PREPAYMENT AND CANCELLATION

8.1 Voluntary prepayment

The Borrower shall not be entitled to prepay the whole or any part of the Facility prior to the expiration of the Drawdown Period. As from the day following the expiration of the Drawdown Period, the Borrower may prepay the whole or any part of the Facility, subject to the following conditions:

- (a) the Borrower shall notify the Lender of its intention to prepay by not less than thirty (30) Business Days' written and irrevocable notice prior to the contemplated prepayment date;
- (b) the amount to be prepaid shall be equal to one or several instalment(s) in principal;
- (c) the contemplated prepayment date shall be a Payment Date;
- (d) all prepayments shall be made together with the payment of accrued interest, any fees, indemnities and related costs in connection with the prepaid amount as provided under this Agreement;
- (e) there is no outstanding amount; and
- (f) in case of a part prepayment, the Borrower shall have given evidence, satisfactory to the Lender, that it has sufficient committed funding available for the purpose of financing the Program as determined in the Financing Plan.

On the Payment Date on which the prepayment is made, the Borrower shall pay the full amount of the Prepayment Indemnities due and payable pursuant to Clause 9.3 (*Prepayment Indemnity*).

8.2 Mandatory prepayment

The Borrower shall immediately prepay the whole or part of the Facility upon receipt of a notice from the Lender informing the Borrower of any of the following events:

- (a) Illegality: it becomes unlawful for the Lender pursuant to its applicable law to perform any of its obligations as contemplated by this Agreement or to fund or maintain the Facility;
- (b) Default: the Lender declares an Event of Default in accordance with Clause 13 (*Events of Defaults*);

In the case of each of the events specified in paragraphs (a) and (b) above, the Lender reserves the right, after having notified the Borrower in writing, to exercise its rights as a creditor in the manner specified in paragraph (b) of Clause 13.2 (*Acceleration*).

8.3 Cancellation by the Borrower

Prior to the Deadline for Drawdown, the Borrower may cancel the whole or any part of the Available Credit by giving the Lender a three (3) Business Days' prior notice.

Upon receipt of such notice of cancellation, the Lender shall cancel the amount notified by the Borrower, provided that the expenses, as specified in the Financing Plan, are covered in a manner satisfactory to the Lender, except in the event that the Program is abandoned by the Borrower.

8.4 Cancellation by the Lender

The Available Credit shall be immediately cancelled upon delivery of a notice to the Borrower, which shall be immediately effective, if:

- (a) the Available Credit is not equal to zero on the Deadline for Drawdown;
- (b) an Event of Default has occurred and is continuing; or
- (c) an event referred to in Clause 8.2 (*Mandatory prepayment*) has occurred;

except where, in the case of paragraph (a) of this Clause 8.4 (*Cancellation by the Lender*), the Lender has proposed to postpone the Deadline for Drawdown on the basis of new financial conditions which will apply to any Drawdowns under the Available Credit and the Borrower has agreed on the proposition.

8.5 Restrictions

Any notice of prepayment or cancellation given by a Party pursuant to this Clause 8 (*Prepayment and Cancellation*) shall be irrevocable, and, unless otherwise provided in this Agreement, any such notice shall specify the date or dates on which the relevant prepayment or cancellation is to be made and the amount of that prepayment or cancellation.

The Borrower shall not prepay or cancel all or any part of the Facility except at the times and in the manner expressly provided for in this Agreement.

Any prepayment under this Agreement shall be made together with payment of (i) accrued interest on the prepaid amount, (ii) outstanding fees, and (iii) the Prepayment Indemnity referred to in Clause 9.3 (*Prepayment Indemnity*) below.

Any prepayment amount will be applied against the remaining instalments in inverse order of maturity.

The Borrower may not re-borrow the whole or any part of the Facility which has been prepaid or cancelled.

9. **ADDITIONAL PAYMENT OBLIGATIONS**

9.1 Costs and expenses

9.1.1 If an amendment to this Agreement is required, the Borrower shall reimburse to the Lender for any applicable costs incurred in connection with this amendment.

9.1.2 The Borrower shall reimburse to the Lender for all costs and expenses (including legal fees) incurred by it in connection with the enforcement or preservation of any of its rights under this Agreement.

9.1.3 The Borrower shall pay directly or, if applicable, reimburse the Lender, the amount of all costs and expenses or transfer fees in connection with the transfer of funds to, or for the account of, the Borrower invoiced by any bank (intermediary or final) chosen by the Borrower.

9.2 Cancellation Indemnity

If the Facility is cancelled in full or in part in accordance with the terms of Clauses 8.3 (*Cancellation by the Borrower*) and/or 8.4 (*Cancellation by the Lender*) paragraphs (a) and (b),

the Borrower shall pay a cancellation indemnity computed at two points fifty(2.50%) on the cancelled amount of the Facility.

Each cancellation indemnity shall be due and payable on the Payment Date immediately following a cancellation of all or part of the Facility.

9.3 Prepayment Indemnity

SCHEDULE 2A - PROGRAM DESCRIPTION

Representatives of the Government of the Republic of Moldova (GoM) and the French Development Agency (AFD) have chosen to jointly undertake a Policy Based Lending (PBL) scheme to support GoM's reform efforts to propel its energy sector forward into a greener future, with a focus on reforms in energy infrastructure, energy efficiency, renewable energy, consumer protection, environment and climate change.

This cooperation is enshrined in a Memorandum of Understanding (MoU) which has been signed between AFD, and the Government of the Republic of Moldova, represented by the Ministry of Finance, Ministry of Energy, Ministry of Environment, and Ministry of Labour and Social Protection, on June 23rd 2023.

The goal of the reform is to accelerate the green energy transition in Moldova through promoting energy security and sustainable and climate resilient development in compliance with the requirements from the EU and Energy Community acquis as well as, Moldova's commitments from the major international agreements, including the Paris Agreement.

These reform endeavours were jointly developed in the form of Policy Reform Measures (PRMs) contained in a Roadmap that is attached to the MoU as an Annex. The Roadmap focuses on promoting a green Moldovan energy sector that seeks to improve its energy security, sustainability, and climate resilient development. These improvements will be sought through the promotion of renewable energy, enhancing energy efficiency, augmenting its energy infrastructure, combating energy poverty, and protecting energy vulnerable consumers, as well as, through environment protection and further decarbonization supporting climate mitigation and adaptation measures.

The proposed PBL is structured along a Roadmap covering the years 2023 until 2028, which will be specified into 6 unique Policy Matrices and tracked over 6 interdependent but separate PBLs, or also referred phases. The Policy Matrix of a phase will be drafted on annual basis depending on progress in previous phase and the PRMs contained in the Roadmap for said phase. An update of the Roadmap, based on consent of the signing parties and when required, is considered between the signing parties as an option every two years. It is agreed that it will be a task of the Programme Steering Committee (PSC), as stipulated in chapter 3 of the Memorandum of Understanding, to make any necessary adjustments of the Roadmap.

The main characteristics of the whole 6-phase program, including the first phase, which constitutes the Program, and jointly agreed between GoM and AFD are as follows:

Structure of the PBL:

- The envisaged 6-phase strategy is outlined in the Roadmap (Annex III of the MoU) and further specified for Phase 1 in the form of Policy Matrix (Annex IV of the MoU and Schedule 3B of this Agreement). The Policy Matrix contains clearly defined indicators on the required progress of the reforms in the respective fields of action for the first phase based on conditions set out in Annex I of the MoU.
- The Policy Matrix in Annex IV of the MoU and Schedule 3B of this Agreement is agreed between GoM and AFD after consultation with the relevant stakeholders (esp. Ministry of Energy, Ministry of Environment, Ministry of Labor and Social Protection) and discussions with the relevant donors in the sector.

Steering Structure and Coordination

- GoM and AFD share the common understanding that the necessary support for achieving the stated goals as outlined in the Roadmap requires a high level of coordination within the GoM, between GoM and the donor community but also between the donors themselves regarding their different programs. Therefore, an effective governance mechanism, including a steering

structure (Program Steering Committee, or "PSC") will be established where the most relevant stakeholders in the sector shall be represented (see Annex II of the MoU).

- The Policy Matrix for each of 6 PBLs will be populated based on the progress made in implementing the preceding PBL's Policy Matrix and take due consideration of the PRMs in the Roadmap for the respective PBL.
- The Roadmap will undergo a review every two phases in order to assure its accuracy and relevance. Any change of the Roadmap shall be agreed within the Program Steering Committee according to the conditions set out in Annex II of the MoU.

Phasing, Disbursement and Evaluation of Results

- Disbursement of loans out of the PBL is linked to the positive evaluation of the indicators, defined in the Policy Matrix as part of the implementation of the reforms in the respective fields of action of the individual subsectors (Annex I of the MoU).
- The first phase of the PBL is called a prior action. It is seen to have started already at the beginning of 2023 and expected to run until December 2023 with, under the condition of an adequate level of fulfilment of the agreed obligations, a disbursement of the first loan expected to take place in 2023. The second phase will start mid-2023 and end at the end of 2024. Subsequent phases (3 to 6) will follow with an annual cycle for the years 2025-2028.

Technical assistance

- AFD affirms its commitment to support the Moldovan stakeholders in the implementation of the reform agreed under the program through the provision of technical assistance as far as is needed and possible to be provided by AFD.
- All parties commit to work together in identifying the potential technical assistance needed to implement the reform.
- Any technical assistance that is provided will need to conform with international best practices and the institutional rules both for the tendering and execution of any technical assistance.

The Borrower is the Republic of Moldova, represented by the Ministry of Finance. Responsible for the design and implementation of the sector reforms and its fulfilment to the conditions agreed upon under the MoU in order to qualify for disbursement of the PBL will in principle solely rest with the Government of Moldova and in particular the associated line ministries: the Ministry of Energy, Ministry of Environment, and Ministry of Labor and Social Protection.

The program should provide important impetus for structuring and implementing a comprehensive sector reform and bringing it into the political reform process. To achieve this, it is necessary to reach an agreement over the entire duration of the reform as contained in the Roadmap in order to ensure an interlocking settlement of all six phases since the follow-up phases can only be triggered after successful completion of the previous phase.

MOLDOVA Energy Green Transition Programme

In a context of the Republic of Moldova’s convergence towards the European Union « acquis », the Energy Green Transition Programme aims to support the implementation of ambitious reforms to promote the decarbonization of the economy and improve the energy security of the country.

CONTEXT

On 1 May 2010, Moldova became a member of the Energy Community (EnC). With that membership, Moldova committed to and undertook its first step to adopt and implement a substantial reform based on EnC acquis, which in large part reflects the European Union’s (EU) energy, climate, and environment acquis. This commitment was further strengthened in June 2014 with the signing of the Association Agreement between Moldova and the EU, which further committed Moldova to implement extensive reforms including within the energy, climate, and environment sector. To this end, Moldova has undertaken reform steps within the energy sector over the last decade.

However, despite these reform efforts, significant room for improvement remains with Moldova holding the third lowest transposition and implementation of EU acquis amongst EnC members. Moreover, recent development, ranging from a global pandemic, the war in Ukraine and acquisition of the EU candidate status, a renewed and urgent need is present to push forward the green transition of Moldova’s energy sector. This effort is in part to promote

energy security while also making it more resilient to climate change as well as to promote its mitigation efforts.

DESCRIPTION

In line with the government's priorities presented in Parliament in February 2023, this programme will support the Moldovan government in the implementation of its energy green transition reform agenda and thus its accession efforts to the EU and implement its acquis. Due attention will be paid not only to the proper implementation of reforms needed, but also to build a sustainable policy and institutional framework in Moldova that will continue to drive the green transition beyond the programme's operations.

Concretely, the programme aims to support:

- More efficient and rational use of energy resources;
- Improved power generation capacity from renewable energy;
- Improved energy efficiency and decreased energy consumption;
- Improved security of supply via cross-border electricity interconnections;
- Upgraded policy and regulatory framework to allow for increased investments in the energy sector and facilitating the implementation of the investment projects by private as well as public stakeholders;
- Strengthened capacities of sector institutions and public/private operators to enable / undertake / manage renewable energy and energy efficiency investments.

The program was developed jointly by AFD and the Moldovan government, and will cover a six-year reform period (2023-2028). This includes the government's main priorities, structured around five themes: energy infrastructure, renewable energy, energy efficiency, consumer protection and climate/environment.

A technical Assistance (TA) programme will support the Moldovan authorities during the 6 years of the reform to facilitate its implementation.

RESULTS

The programme will on the one hand directly support the Moldovan alignment efforts with the European Union acquis, and on the other hand also create a regulatory environment that provides incentives for additional investment into climate change and environment protection, leading also to an enhanced renewable energy capacity and security of supply. Accordingly, implementation of the programme will ultimately lead to an effective, climate-resilient low-carbon economy and society.

STAKEHOLDERS AND INSTITUTIONAL SET UP

The borrower is the Republic of Moldova, represented by its Ministry of Finance (MoF) with whom AFD will sign the financing agreements.

The implementation of the Policy reform measures (PRMs) are the joint responsibility of the Ministry of Energy (MoEgi), the Ministry of the Environment (MoEnv) and the Ministry of Labour and Social Protection (MoLSP). These ministries as well as MoF will be signatories of a Memorandum of Understanding (MoU) with AFD governing the entire programme over 6 years.

Other entities, not signatories of the MoU, but concerned by some of the PRMs included in the roadmap, will be involved in the implementation of the programme, and may receive the support of the TA: the Agency for Energy Efficiency, the network operator Moldelectrica, and the ANRE regulator.

The TA programme will be mainly implemented by Expertise France (EF).

The governance of the programme is structured around a Steering Committee (PSC), bringing together all the involved stakeholders, as well as observer parties (EF, Delegation of the European Union). The PSC will serve as the central entity for information sharing and programme management: it will validate the progress of the programme at key stages and define the content of each annual matrix at the beginning of each new phase.

FINANCING PLAN

The programme entails:

- a series of 6 annual Policy Based Loans granted by AFD. The amount of the first tranche (2023) reaches 40M€. The amount of the successive tranches will be assessed each year jointly with the MoF.

- a grant delegated from the European Union under the Neighborhood Investment Platform for a global amount of 5M€.
